

Beam-based Probes of Condensed Matter Physics, Chemistry and Related Fields in Canada

Friday, 4 June 2021

THz spectroscopy in Canada (10:30 - 12:30)

-Conveners: Jens Lassen

| time | [id] title | presenter |
|-------|---|---------------------|
| 10:30 | [20] Opportunities for high-field terahertz research in quantum materials | Prof. DODGE, Steve |
| 11:00 | [21] Next generation THz instrumentation for material science | Prof. COOKE, David |
| 11:30 | [22] Prospects for THz/Infrared photon source powered by TRIUMF e-linac | Dr VICTOR, Verzilov |
| 12:00 | [23] Discussion | |
