

# Beam-based Probes of Condensed Matter Physics, Chemistry and Related Fields in Canada

## Friday, 4 June 2021

### $\mu$ SR ideas and concepts (15:30 - 17:30)

-Conveners: Sydney Kreitzman

time	[id] title	presenter
15:30	[27] Muon dreams revisited	Prof. BREWER, Jess H.
16:00	[28] Reaction kinetics in supercritical water as probed with muonium	Prof. PERCIVAL, Paul
16:30	[29] Development of non-destructive elemental analysis method using muons and extension of the method to isotopic analysis	Prof. NINOMIYA, Kazuhiko
17:00	[30] Discussion
