Quantum Materials Session (10:30 - 11:30)

-Conveners: Kenji Kojima

time	[id] title	presenter
10:30	[8] Hidden energy scale in geometrically frustrated systems and implications for quantum magnets	Dr RAMIREZ, Art
11:00	[9] Quantum Critical Scaling in a metallic Kagome system	Dr REIG-I-PLESSIS, Dalmau
11:15	[10] Enhanced superconductivity in plastically deformed strontium titanate	Dr HAMEED, Sajna
