Science Week

- August 16-20

Science Week 2021 will feature two main streams:

1. **Celebrate recent achievements** We want to celebrate the achievements during the last challenging year, with a particular focus on highlighting Early Career Researchers, who have lost a lot of opportunities for networking during the past year.
2. **20-Year Vision Community Engagement** We want to share with the community what we have heard in the Listening and Visioning Phase of the 20-Year Vision Development and outline the draft 20-Year Vision framework.

In addition, the regular **TRIUMF Users Group Annual General Meeting** will take place on the last day.

- Monday and Tuesday
 - Recent achievements
 - + Keynote speakers
