

## PSD Space Committee

- Meeting since January 2022
- Arranging office space in MOB 2nd floor
  - Finding offices for new hires is a challenge!
  - Finding desks for HQP is a challenge!
  - We hope to "acquire" at least two more offices on the MOB second floor for PSD
- We are collecting information on research space needs (HAICU, Scientific Computing, nEXO, UCN, Hyper-K, ...) and discussing possible solutions
  - List of space needs and potential solutions at: [https://triumfoffice365-my.sharepoint.com/:x:/g/personal/mhartz\\_triumf\\_ca/EcvULy6rAlhOgLVgQI9I6\\_cBE7oAgzxKVIG92hjscqTCCA?e=zCT9LA](https://triumfoffice365-my.sharepoint.com/:x:/g/personal/mhartz_triumf_ca/EcvULy6rAlhOgLVgQI9I6_cBE7oAgzxKVIG92hjscqTCCA?e=zCT9LA)
- Significant space requests will now be raised to the TRIUMF Space Committee

## TRIUMF Space Committee

- Lab-wide Space Committee was resurrected in May with 3 meetings so far
- Chaired by Adrian Lee with representatives: Mark Hartz (PSD), Cornelia Hoehr (LS), Marco Marchetto (AD), Marcello Pavan (Academic)
- In the process of finalizing the terms of reference and space request form/procedure
- Committee will elevate and discuss the space needs/requests from each division
- Committee will make recommendations on space usage and requests
- Expect to soon be handling a couple of developments in office space relevant to PPD
  - Trailer Ff will be put back in use after cleaning and replacing carpet and furniture
    - The use of trailer Ff is not yet decided. Do any of the PPD groups have a position on its use?
  - We plan to evaluate the office space issue once the impact of the official work-from-home policy is clear
