

Student talk and poster competition winners

People's choice award - posters

Madison Daignault & Meghan Kostashuk

Development of Diagnostic
Procedures for the Investigation of
Radiopharmaceuticals In Vitro

1st prize - posters

Takato Sugisaki

Development of Muon Spin Imaging
Spectroscopy

science
week / 23
JUL 31 - AUG 4

People's choice award - talks

Mallory Loria

Cracking the Calcium Conundrum: Exploring
Discrepancies between Observations and
Computational Models of Novae

science
week / 23
JUL 31 - AUG 4

1st prize - talks

Louis Croquette

Collinear Laser Spectroscopy performed
in a 30 keV MR-ToF device

science
week / 23
JUL 31 - AUG 4

**Thank you to all the
participants!**
