

WNPPC2024 - 61st Winter Nuclear Particle Physics Conference

Saturday, 17 February 2024

Morning 3 - Feb. 17, 2024 - Salon AB (08:25 - 10:00)

-Conveners: Alain Bellerive

time	[id] title	presenter
08:25	[142] Welcome and notes	
08:30	[150] What Has the LHC Taught Us about the Standard Model?	Prof. RUSSELL, Heather
09:00	[113] First Observation of the Production of a $W\gamma$ Boson in Association with Two Photons in Proton-Proton Collisions at the Large Hadron Collider with the ATLAS Detector	AMBLER, Alessandro
09:15	[99] Identifying New Long-Lived Particles (LLPs) Using Graph Neural Networks with the ATLAS Detector	POKHAREL, Paras
09:30	[116] ATLAS Liquid Argon Calorimeter Upgrades for High-Luminosity LHC	GONZALEZ ESCUDERO, Laura
09:45	[123] Search for Emerging Jets with the ATLAS Detector at the LHC	RAMIREZ-BEREND, Ian
