

NuInt 17: 11th International Workshop on Neutrino-Nucleus Scattering in the Few-GeV Region

Sunday, 25 June 2017 - Friday, 30 June 2017

Fields Institute

Scientific Programme

Theoretical Issues of Neutrino-Nucleus Interactions

Systematics Uncertainties

Neutrino Flux Calculations and Measurements

Neutrino Interaction Generators

Neutrino CC and NC Scattering without Pion Production

Neutrino Pion Production and Other Inelastic Interactions

Electron Scattering and Other Non-neutrino Measurements

Shallow/Deep Inelastic and Inclusive Scattering

Low Energy Neutrino Scattering

Future Experiments
