

Science Week - 2019

Monday, 19 August 2019

IAMI Summer School: Welcome and IAMI introduction - Auditorium (08:15 - 08:30)

-Conveners: Cornelia Hoehr

IAMI Summer School: Radiochemistry 101 - Introduction to Nuclear Medicine - Auditorium (08:30 - 09:15)

-Conveners: Caterina Ramogida

IAMI Summer School: From target to tracer - Auditorium (09:15 - 10:00)

-Conveners: Valery Radchenko

IAMI Summer School: Radiotherapy - different treatments - Auditorium (10:00 - 10:30)

-Conveners: Cornelia Hoehr

IAMI Summer School: Cyclotron production of Ga-68 and Zr-89 using pressed targets - Auditorium (11:00 - 11:45)

-Conveners: Brigitte Guerin

IAMI Summer School: Targeted radionuclide therapy for cancer and infections - Auditorium (11:45 - 12:30)

-Conveners: Kate Dadachova

IAMI Summer School: Hands on Lab Session and Outreach Workshop (Students only) - Radiochemistry labs (13:30 - 15:30)

-Conveners: Caterina Ramogida; Valery Radchenko

IAMI Summer School: Outreach computing session - bring your own laptop - Auditorium (13:30 - 15:30)

-Conveners: Christian Diget

IAMI Summer School: Hands on Lab Session and Outreach Workshop (Students only) - Radiochemistry labs (16:00 - 17:30)

-Conveners: Caterina Ramogida; Valery Radchenko

IAMI Summer School: Outreach computing session - bring your own laptop - Auditorium (16:00 - 17:00)

-Conveners: Christian Diget
