

## Developing New Directions in Fundamental Physics (DND) 2020

Contribution ID: 43

Type: not specified

# EDMs and molecules: state of the art and prospects for rapid improvements in hadronic and leptonic CP violation

*Thursday, 5 November 2020 09:10 (35 minutes)*

**Presenter:** Prof. DEMILLE, Dave

**Session Classification:** WG: New ideas to probe fundamental physics with nucleons and molecules (EDMs, precision measurements, etc.)
