- CFI re-submissions: lessons learned? Strategy for next round

CFI IF 25 success rate at TRIUMF: 50% (3/6)

NP: 100% (1/1)

Acc: 100% (1/1)

PP: 25% (1/4) / 16% (1/6)

PP full CFI request in IF 2025 : \$68M

Equivalent to the combined request of the previous ~10 years

	HE	Precision	DS & neutrinos
CFI 2013-2023	\$11M+\$12M	\$13M+\$27M	\$2.5M
Other		JSPS \$2M	
CFI 2025	\$4M+\$16M	\$17M+\$24M+\$7M	

- Additional support needed from the lab to increase success rate?

## Various

- 2025/2026 Detector R&D funds (\$30k)  
Oversubscribed (list [here](#))– strong argument to renew the R&D allocation (and increase?) next year
  - \$25k FPGA DevKit [ATLAS]
  - \$5K FBK LGAD R&D production run [PIONEER] (5k next year)
  - \$0.5K ALPHA laser (possibly more next year)
  
- NIKHEF/TRIUMF meeting organized by Ritu (Feb 7th)  
Topics: Fast timing detectors / e- EDM / AI for Science
  
- BAE meeting : Feb 20th (tomorrow) 2pm in the Auditorium  
no zoom link?

# Announcements

- [IMPACT + postdoc](#)
  - TRIUMF granted 2 positions
  - Deadline to submit package with nominee to ORS: March 11th
